

Linking in technical objects

Complete this concept review handout and keep it as a record of what you have learned.

Definitions

- Mechanical engineering is _____

- A link allows _____

- In mechanics, a component is _____

- Linking is _____

- The degrees of freedom are _____

EST

EST Possibilities of independent motion

Possibilities	Notation	
Translational motion <ul style="list-style-type: none"> • Translation from left to right or from right to left 		
• _____		
• _____		
Rotational motion <ul style="list-style-type: none"> • _____ 		
• _____		
• _____		

Characteristics of links

Characteristics	Description
Direct Indirect	<ul style="list-style-type: none"> • Two parts hold together without a linking component. <hr/> <hr/> <hr/> <hr/> <hr/>
