Bunsen Burner and Burning Magnesium

Safety First —Ms. Purcell or Mme. Veilleux will explain the safety procedures—follow them carefully!!
Steps to Lighting a Bursen Burner: (point form!!)
Draw the fire triangle involved in lighting a BB:
Write the BCE for the combustion of methane:
•
CH ₄ () +

What were the signs of chemical change?			
Burning Magnesium:			
Description of the Reactant Mg	Description of the other Reactant	Description of the Product	
Draw the fire triangle involved in burning magnesium:			
Write the BCE for the combustion of magnesium:			
What were the signs of chemical change?
